WORK / VOLUNTEER EXPERIENCE

Umpire — WMBA

May 2017 - Present

I have been a paid umpire for the Waterloo Minor Baseball Association for three years, contributing to the baseball program for junior athletes.

Highschool Mentor — WWFRO

September 2018 – December 2018

I assisted young students in learning robotic skills in the FIRST Robotics Program. I learned many skills, including responsibility, management, and mentorship. I accumulated 36 volunteer hours doing this for four months, which is just a small amount of my total 145 hours that I have received in just over a year.

EDUCATION

Bluevale Collegiate Institute

September 2018 - Present

Graduated ninth grade with Honour Rolls in both terms. I have been chosen for both Science and Mathematics Advanced Placement and been offered many leadership courses and opportunities.

EXTRACURRICULAR ACTIVITIES

DECA

DECA is an international business competition. I advanced to the provincial competition which was held in Toronto. It teaches quick thinking, and people skills in the business world.

Choose to Lead

Choose to lead is a four-year program run by Bluevale Collegiate. It encourages leadership in students and is designed to push them to their potential. One signature program the Choose to Lead class is involved in is the Duke of Edinburgh's award, dedicated to encouraging giving back to the community and developing young adults as a people in society.

FIRST Robotics

My FIRST Robotics team designs and builds robots for a competition, in which we advanced to the world championships in Detroit. I also work to recruit and communicate with sponsors and companies on behalf of the team. It has taught me many skills that I can transfer to the workplace, including communication, respect, and teamwork.

SKILLS

Proficient in using software tools including Google Drive, Word, Excel, PowerPoint, and OneDrive.

Have been certified in First Aid since 2016

Novice skills in other technological programs, such as DaVinci Resolve and SolidWorks CAD (Computer Assisted Design).

Developed Teamwork skills over the years from being involved in many extracurricular programs.

AWARDS / ACHIEVEMENTS

Advanced Placement

I have been invited to both Mathematics and Science Advanced Placement courses.

Graduation

At my eighth-grade graduation, I won the Spirit Award as well as the Technology Award.
